

- Staff Activity -

Teaching with Fire Moments

Objective: Create Moments

Estimated Time: 15 Minutes

Materials: TBD

Purpose: To fill staff with warmth and fuel their fire for teaching.

Creating Memories:

Choose from the following staff activities to alleviate stress during the upcoming months before Winter Break

Option 1: **Hold a Staff Breakfast**

Break Bread together, instead of a staff meeting. Play a few minute to win it games. Laugh. Talk.

Option 2: **Highlight Success**

Rotate around to classrooms and compliment students and teachers. Congratulate staff and students on progress. Give High Fives. Smile.

Option 3: **Sing it Out**

Before school begins have a good old fashioned sing along. Do it in the commons. Hold an assembly. Dance. Cheer. Clap.

Option 4: **Fuel Your Fire Too, By Making a List!**

Make a list (or have your staff make a list) of all of the moments that fill you with warmth and fuel your fire for education.
