

- Staff Activity -

School Improvement from the Inside Out

Objective: Inquire about teacher's strengths

Estimated Time: 15 - 30 Minutes

Materials: Sticky Notes, School Data, Paper or Chart Paper

School Improvement Strengths Inquiry:

Print school data and place them at several different tables around the room:

- Attendance
- Discipline
- Achievement Data
- Common Assessment Data
- Etc.

Include a blank sheet of paper or poster paper at each station.

Ask teachers to write their noticings about the data on the paper.

At the conclusion of the activity read the noticings to the group and post

Distribute sticky notes to staff members.

Prompt teachers asking the following questions:

- In your opinion what should we be focusing on as school improvement themes?
- What would you like to learn about in order to enhance school improvement?
- What skills/knowledge can you offer others to enhance school improvement?

Have teachers write their initials on each sticky note.
