

Virtual Keynote & Professional Development Programs

Led by school culture expert, JC Pohl, TEEN TRUTH/365 offers virtual conference keynotes and professional development workshops designed to help administrators and staff members build school culture and improve mental health. Presented via Zoom or another web video technology of your choice, topics for JC's sessions include building school culture, creating resilient students, and developing campus relationships.

"JC Pohl has been a game changer for our students and our school culture!"

Jody Clark, School Counselor – Scoggins Middle School

SCHOOL CULTURE

Building strong school culture should be the first priority of every school leader. It is proven to decrease bullying, enhance academic performance, and increase student engagement. Based on JC's popular book, this session reveals his framework for giving students a voice and empowering them to take ownership of their school culture.

RESILIENT STUDENTS

Teens die by suicide each week. Students are crushed by bullying every day. Why can some work through the adversity while others can't? JC offers a direct pathway to one singular solution: resiliency. It's the ability to take the hits and keep moving forward. Based on his thought provoking book, this program offers a blueprint that is guaranteed to unleash the powers of resilience within your students.

CAMPUS RELATIONSHIPS

Relationships are the key to any successful life experience, but they are often the hardest thing to cultivate. As a licensed marriage and family therapist JC Pohl understands the importance of meeting each other's needs, yet many of us don't know how to simply define those needs. This interactive program will clearly illustrate the relational needs that we all have, and teach attendees how to use this new vocabulary to build stronger connections at work and in life.
